About Us

History & Profile

In 2016, Exceller International Trading W.L.L. (EIT) was founded and established by Sabeesh Salam as a trading company.

Since then, EIT has grown into a company with close to million dollars worth of building construction projects. EIT is a professional in sub-contractor, bringing more quality of work through the understanding of client requirements and expectations. Throughout the years, EIT has become one of the very well known sub-contractor among construction companies in the state of Qatar, honored with client satisfaction & high quality delivery. Over a short period of time, EIT transcended to become one of the leaders in building various projects such as commercial and retail complexes, educational and medical institutions, and has been instrumental in the industrial expansion of Qatar. EIT has also developed a wide range of professional specialties at different areas of the industry such as metal works, carpentry and joinery, furniture, and IT, MEP and much more.

EIT's great strength lies in the capability of delivering projects on time with high quality of work, achieved through experienced and well-qualified staff and good craftsmanship. EIT continues to be recognized as a leader in its profession, demonstrated by its vast range of services, expertise and ties with different esteemed international organizations.
